McCoy Health Service

Those who have strong digestive organs are inclined to take the idea of good food combinations because they sometimes eat meals of unharmonious mixture, and apparently suffer no immediate ill effects. Those who have weak digestion or who have developed certain disorders such as indigestion, flatulence, and constipation, must be especially careful with their food combinations. If they are not, they will find themselves in a permanent state of ill health. Sometimes sick individuals are so sensitive that the least mistake in combining their foods produces almost immediate distress. It was from watching this type of patient that Dr. Frank McCoy first came to the understanding of the importance of food combinations. Those who are not so sensitive to changes in the diet may not notice the ill effects of wrongly combined foods. However, an astute patient, or one who suffers from indigestion, will find that their food combinations almost immediately produce distress. Cagary Beats Leafs 3-2 To Tie Up Alberta Senior Title Series

Nanaimo Takes Camrose 5-4 First Intermediate Playoff

NANAIMO, B.C., March 17.—(CP)—Nanaimo Clippers defeated Camrose Brighantes 5-4 here Saturday night in the first game of the Western Canada Intermediate hockey semi-final, but it took sensational goaltending by Clippers' Mac Beattie to stave off the Albertan's last period drive when they scored all three goals.

Second game of the best of three series will be played here tonight.

For two periods Clippers had pretty much their own way as they rattled in a goal in the first and a second in the first of a parked arena.

Then in the third they eased off before they could hit their stride again as the hard driving Brighantes had rattled in four quarters and were doing in five more.

GOALIE GOOD
Only Beattie's sparkling reflexes in the Nanaimo goal saved his team's margin in the first five minutes.

Walter Corry with two Doug MacIsaac, George Dunn and Bud Carr scored for Nanaimo. Andy Chakowski scored in the first and second periods for the Brighantes.

Clippers' first goal was of the flake variety. Corry fired the puck from a series of passes in front of the Camrose net into the hands of the Camrose net.

Experiments Feature Closing Games Of National Hockey League's Schedule

NEW YORK, March 17.—(CP)—New York Rangers defeated New York Americans 6-5 Sunday night in a National Hockey League game that wound up the regular season for both teams. The game was played under an experimental rule change in which the puck carrier is always outside and his teammates, if offside, skate themselves back into the play without a halt. It was estimated the number of whistles was cut in half under the system.

Lynn Patrick, Ranger left winger, entered the charmed 20-goal group of expert marksmen by scoring two goals early in the first period.
